COVID-19 School Update

Dear Parents and Carers,

Based on the most recent advice from the Department of Education, schools remain open and are making preparations for learning at home.

Lake Illawarra South Public School will be delivering student work via Google Classroom (Years 3 to 6) and via Seesaw (K-2). Staff is today preparing alternate learning sequences. These activities are related directly to the usual teaching and learning program that is being delivered in the classroom. Naturally, there will be some modifications to the learning program to accommodate the learning at home. The school is preparing for following three circumstances:

1. Student attends school – normal lessons
2. At Home Learning – access to Internet and a device (online learning)
3. At Home Learning – no access to **either** Internet or a device (learning pack required)

As a school, we need to know the number of Learning Packs required for students who do NOT have access to either the Internet or a device if they are learning from home. These packs will be available for pick up by Wednesday morning. Please contact the school on 4295 1924 or 4295 1934 if your child requires a learning pack, ie Circumstance 3.

Further information will be provided to parents over the coming days.

Thank you for your understanding and continued support as we navigate these challenging times.

Karen Simula
Principal
