Thursday 29th July 2021

Dear Parents and Carers,

Yesterday the Premier announced a continuation of the lockdown for Greater Sydney, including Shellharbour LGA until 28th August. This means Lake Illawarra South Public School continues to operate under Department of Education **Level 4 restrictions**. Schools remain open for children of parents who do not have supervision for their children or children of essential workers. This means, if there is an adult at home, working or not, your children are to stay at home with you. NSW Health and the Department of Education have set this directive and both continue to scrutinise our daily attendance. The Premier has stressed her concern about viral transmission in the workplace and this is why schools have been directed to keep staff levels onsite to minimum levels. Please contact the principal if necessary, to discuss your family circumstances.

Lake Illawarra South Public School will continue to provide a single unit of work each week. These are available for drive-by collection each Monday between 8.10am and 10.30am and at other times by calling the school office.

Parents and carers must drop off and collect students from outside the school gates. Please adhere to physical distancing requirements and avoid gathering outside the school gates.

Please be reminded that all visitors to the school site must use the QR codes to check in and out of school premises and wear a mask.

Students who present at school with flu like symptoms will have their parents or carers contacted to collect them.

Thank you for your ongoing support of the school and the staff.

Karen Simula
Principal
