Dear Parents and Carers,

Please complete the following questions about the language backgrounds of your child. This data is used to allow us to access funding for students requiring support or extension of their English skills. It does not mean your child will need support, but it does assist us in supporting those students who do. Speaking another language is a gift. At Lake Illawarra South we encourage all students to take pride in their language backgrounds.

All information is confidential and will be kept in your child's record card.
